President: Sage Solutions, Rockville, MD (1997- present). Provide survey development, data collection, program evaluation, assessment, career development, occupational analysis, school-to-career system design, editorial support, proposal review, instructional design and webinar delivery, and report writing services to the public and private sectors. Clients include: U.S. Department of Defense Washington Headquarters Services; Department of Defense Education Activity; Bridges.com; U.S. Department of Education; Department of Labor; APEC Education Foundation; Youth Connect; Department of the Army; Center for Occupational Research and Development; CTB/McGraw-Hill; Maher & Maher; Anne Arundel County School District; Visual Networks; Manning, Selvedge & Lee; U.S. Department of State, Maryland State Department of Education, Monster.com, National Work Readiness Credential, DTI, Inc., JBS International, and others.

Assistant Vice President and Executive Director: ACT Educational Technology Center, Hunt Valley, MD (1998-2001). Directed the activities of the Educational Technology Center for ACT. Products produced by this 45 member office include various versions of DISCOVER, a multi-media career guidance program, and software which translates company products into computer assisted and computer adaptive tests. The Center included Information Services, Programming, and Content Development divisions, and Distribution, Technical Support, and Customer Services personnel. Our last project involved the development of an Internet-delivered career development program.

Deputy Director of the Center for Executive Education: Monterey, CA (1997-98). Helped to establish the curriculum and the facility that provides training for senior executives in the areas of information technology and business practices.

Manager, ASVAB Career Exploration Program: Defense Manpower Data Center, Seaside, CA (1989-1997). Created and managed the Armed Services Vocational Aptitude Battery's (ASVAB) Career Exploration Program for the Department of Defense. Responsible for the research, development, evaluation, and dissemination of all components of that program, including materials for students, counselors, technical reviewers, and school administrators. In addition to developing and marketing program materials, led the four-year development of an interest inventory for inclusion in the ASVAB Program. The Program has won many awards and has been shown to be effective in providing career exploration to young people and in providing value added to military recruiting.

Additional Work Experience:

Deputy Division Manager for Science Applications International Corporation (SAIC); Visiting Professor of Mathematics and Statistics and Career Development Officer for the Johns Hopkins University School of Advanced International Studies, Bologna (Italy) Center; Director of Research Administration, Naval Postgraduate School; Coordinator of Testing and Evaluation, Department of Defense Dependents Schools; and State Specialist for Evaluation and Assessment, Delaware State Department of Public Instruction; 3.5 years of high school and middle school teaching experience.

Articles, Reports, and Books:

Wrote numerous journal articles, monographs, and technical and research reports. Presented hundreds of papers, workshops, speeches, and training sessions to a wide variety of domestic and international audiences. A full publication and presentation list is available on request. A few recent publications include:
